FIRST TIME EVER MADE AVAILABLE TO PURCHASE W.P.A. FILES

The Fragile Work Project Administration Marriages which was completed in 1935 which for a lot of counties that were done by the W.P.A. have never been published by any Genealogical Society or individual, These are made from the **Actual Original** at the Dept. of Archives and History in Montgomery, Alabama. a few of these books were so faded I typed them out, some I was able to copy them to legible condation with a shade of grey background, for the most are good condation and plain, some were Alphabetically Arranged, some were not, some show the tattered decaying that comes with age, but for the most of them does list the Page number of the volume at the court house to where YOU can easy order the actual Marriage License from, and list the Minister who performed the marriage. Never before without actually Traveling to Alabama yourself and spending Hours, and lots of money you didn't have, this I have made easy for YOU to own and have forever in your own library to research at your leisure, EACH BOOK except for few, are ALL IBICO COMB BINDING making it easy to lay back and to make a copy from. All are soft binding, take advantage of this goldmine of Genealogical information.
